

Mini Squash in Wrexham

A whole-school mini squash approach was brought to the pupils at **Wat's Dyke County Primary School** on 13th October, with support from Mike Workman, Squash Wales Director of Coaching & Development.

During the day, all pupils were able to take part in this introduction as part of a Squash Wales initiative and, judging by their terrific response (and noise levels), **they loved it!**

Over a number of years, Wat's Dyke School and Headteacher Alun Evans in particular, have developed a good relationship with the Squash Club, always providing encouragement to their pupils to try other sports. The School now has its own portable mini squash kit and the day was a great success in allowing pupils to very quickly improve their racquet and ball skills - let's hope we may have seen some new squash stars in the making.

Following on from this fun day, pupils will be offered the chance to take part in a taster squash session at the Wrexham Brymbo Squash Club and that could lead to an opportunity to join one of the formal and structured junior coaching programmes.

Many thanks to Rob and Llinos for their help in making this such a fun day.
